

TITLE PLANTS MADE EASY
World Wide Access to title plants - build, maintain, search.
TITLE. ENERGY. RIGHT OF WAY.

ABOUT US

Information Integration Experts, LLC (iiExperts aka IIX) has been developing software since the early 1970s. Headquartered in Arlington, Texas, IIX began operations in 1980, and has been serving the Title Insurance industry since 1998 by providing high quality software and related services.

The founder and president of the company is Anthony (Tony) Tooley – a software engineer who holds graduate degrees in Applied Science and Theology, has used his education and experience to fashion IIX into a multi-faceted computer software organization. In addition to the Title industry, IIX has developed business software applications for various other vertical markets including the Automotive, Metal Finishing and General Accounting industries.

Additionally, IIX has developed, published and marketed information retrieval software, known as INFOsearch, for use by individuals within the Christian Ministry. This particular product has been sold internationally in more than 30 countries with distribution channels in Australia and the U.K.

IIX has worked hard to establish a reputation for integrity, reliability and quality in every aspect of its work. The company provides technical support for all its products.

SOFTWARE

- Plant & GIS
- Plant Suite
- From Map to Lease
- Existing Plants
- Hardware & Hosting

SOLUTIONS

- Plant & GIS
- Convert A Plant
- Go Forward Data Entry
- Back File Data Entry
- GIS Surface Ownership

SUPPORT

IIX provides support in the way of installation and training. We also monitor your data entry jobs and intercept problems before they arise. Additionally, with our Service and Maintenance program, you will receive the program updates automatically via our Live Update feature so you can rest assured if something goes wrong, you are covered.

Here at IIX we welcome suggestions on improvement. Feel free to communicate with us; let us know how we can better serve you and your needs. We can even customize Plant features at your request.
